## DRONE INSURANCE

AssuredPartners Aerospace  
understands drone operators.

AssuredPartners  
POWER THROUGH PARTNERSHIP

## DRONE INSURANCE

AssuredPartners Aerospace understands the needs of the drone operator and can provide no-obligation quotes from multiple carriers to give you policy options to fit your specific needs.

Coverage includes protection against third party bodily injury and property damage claims arising out of the ownership, maintenance, or use of a Drone/UAV (Unmanned Aerial Vehicle).

Whether you need liability only coverage or need to include physical damage coverage for your drone and its accessories, policies are available to cover your operation.

### PHYSICAL DAMAGE COVERAGE

Coverage for damage to the drone:

- ◆ **Field equipment coverage** for items needed to launch, operate, or land the drone.
- ◆ **Accessory coverage** for cameras, payloads, sensors as identified in the policy.

### NON OWNED PHYSICAL DAMAGE COVERAGE

Coverage for a drone and/or payload you do not own. Must be operated by you for less than 30 days.

### LIABILITY COVERAGE

Protection should you be liable for any covered damages:

- ◆ Air crew coverage – liability protection for the pilots of the drone, including operators, spotters, ground or field crew.
- ◆ Premises liability coverage

### SHORT TERM LIABILITY COVERAGE

A temporary increase to the liability limit of a policy for a certain amount of time within the policy term.

### PERSONAL INJURY COVERAGE

Liability protection providing coverage for claims other than bodily injury or property damage.

### MEDICAL PAYMENTS COVERAGE

“No fault” medical payments coverage will pay for medical expenses for those injuries, including ambulance, surgical, dental and the like. It can cover the smaller injury claims and prevent a larger lawsuit against your bodily injury liability coverage.

### COVERAGE AVAILABLE FOR MOST OPERATIONS:

- ◆ Agriculture
- ◆ Aerial Survey
- ◆ Inspections
- ◆ Photography
- ◆ Real Estate
- ◆ Search & Rescue
- ◆ And more!
