AEROSPACE 

INSURING THE WAY YOU FLY

AssuredPartners Aerospace has the right coverage for your aircraft at competitive rates.

AIRCRAFT COVERAGE THAT FITS YOUR NEEDS!

AssuredPartners Aerospace insures more GA aircraft than anyone else in the world. Offering great value, a choice of policies, and superior service.

Call **(800) 622-2672**, go to **assuredpartners.com/own**, or mail the attached application to get your **Free Quote** now.

Q. WHY SHOULD I INSURE MY AIRCRAFT THROUGH ASSUREDPARTNERS AEROSPACE?

A. AssuredPartners Aerospace specializes in aircraft insurance and will help you find the *policy, coverage, and pricing* to fit the way you fly. With our buying power, we work with major top-rated insurance companies *on your behalf* to help you to navigate the insurance market with just one call.

Plus, as aviation insurance experts, we *understand your needs better than anyone else—and can provide you the guidance and superior service* you deserve to insure one of your most precious assets.

Q. WHAT KIND OF AIRCRAFT DO YOU INSURE?

A. We provide coverage for everything, including light sport aircraft, helicopters, very light jets, experimental aircraft, gliders, and drones for personal or business use.

Q. DOES BEING AN AOPA MEMBER SAVE ME MONEY?

A. Yes! AOPA members may **save an additional 5%** on aircraft insurance depending on the policy. AOPA members could also benefit from our **AOPA Accident Forgiveness**.

Q. HOW FAST CAN I GET A FREE QUOTE?

A. Most quotes take just **7 minutes!** Of course, this time may vary based on your specific needs, but we can usually get you well on your way in a very short amount of time.

Q. HOW MUCH COVERAGE SHOULD I BUY?

A. When it comes to liability protection, you should buy as much coverage as you can reasonably afford. Your liability coverage protects you from bodily injury and property damage claims. Legal award amounts have skyrocketed, so you would want to be protected against this type of claim.

That's why buying the highest limit you can is important.

You should know the current value of your aircraft and select your hull value accordingly. That way you're not under- or over-insured.

If you have questions, call us at (800) 622.2672. We have experts who can help you—and provide you with a free quote—over the phone!
